ATTENTION, ALREADY MENTIONED SEVERAL TIMES, ONLY THE ADMIN MAY ADD A BRAND MODEL AND NONE OF THE USERS ON THE

LEFT AT BELOW VEHICLE LISTING SHOULD ADD CAR THEN GIVE MESSAGES

Subscription Plan

Even with several sessions mentioned customer should be able to choose his package and at least 1 month it should be valid.

Unfortunately, this was also not taken into account

These two are unnecessary. and euro standard should be at environment

After I have entered everything, the error comes.. this is the one that should enter : **The co2 Emission field is required.**

Customers don't necessarily have to enter that much data.

There are too many required fields. Mandatory field should be Brand Model Category Year Price Mileage the rest enter most in the description

After the error I have to enter everything again. everything I typed before the error should be saved..

No more photos available all clicked equipment of vehicle are gone must do the work again

I changed my photo at profile it didn't take over everywhere

Save & Update

Add listing

I want to click on my listings can't find it here.

This should be My Vehicles

Only when I log in again do I get to the dashboard

ADMIN PANEL

I would like to change data for registered customers – not possible

I added a photo afterwards was not accepted

When clicking on photo I have to go back to the browser that should not be the case..

There should be a gallery and when you click in the middle the picture should disappear or right left arrow for previous or next photo

Photo gallery only when the customer listing opens

Citroen

## 2002 Citroen C5 Aircross

 85000 kms  Diesel  Automatic

**CHF 21900.00**

Again, I pointed out that MFK (CH) and TÜV for (D and A) are displayed

Be sure to create all email notifications, even if the customer changes something in his listing, it should be notified or if the subscription expires soon or the listing expires after 30 days should be notified 3-4 days in advance, this is general information
